

PRECISION RIFLE SYMPOSIUM

March 24-25, 2022 0800-1700 Hours

\$399 Entrance Fee

**Location: San Luis Obispo Sportsmen's Association
3270 Gilardi Road, San Luis Obispo, CA 93405**

Limited to 100 participants (50 teams of 2)

During the registration process, you will be asked to either identify your partner (who must also register and identify you as their partner) or request to be teamed up with another individual participant.

Join us for CATO's 1st Annual Precision Rifle Symposium. Participants will be tested in numerous courses of fire designed to replicate deployment conditions using a variety of skill sets and positions. All courses of fire will be completed as a 2-person team, and shooters are encouraged to pair up with the partner they typically deploy with to reinforce agency practices and communication. A winning team will be established during the event based on overall demonstrated performance. Most events will be conducted at 200 yards or less, but an extended distance event may be included. Attendees should bring a minimum of a scoped rifle, backpack, deployment gear, 100 rounds of factory-grade ammunition, a gas mask, spotting scope or binoculars, and a tripod.

This training event will also offer the opportunity to network with other professionals, evaluate vendor products, hear critical incident debriefs involving precision rifle deployments, and evaluate precision rifle products.

Participants will each receive tickets to be entered into a raffle and will have the option to buy additional tickets. Each participant will receive an event t-shirt and other promotional items.

Participants will be required to sign a waiver prior to participating in any events and agree to follow the CATO policy as required at the time of the event based on federal, state, and local guidance.
